Meeting Summary

The meeting began with Superintendent Matt Bishop welcoming the team members. The group represented the largest attendance since our first meeting. He introduced Jeff Parker from SHP Leading Design to lead the evenings activities.

Jeff Parker presented the date from the survey administered at the recent Community Outreach Forum. The goal of the meeting was to narrow our potential survey items. There was a discussion among committee members.

Consensus was reached on the following: Two New Buildings funding by the OFCC with the option of building all at once or segmenting. The group would like all location options tested, if possible.

We are going to meet with Paul Fallon from Fallon and Associates to see if we can successfully survey our community on the options listed above. We will report back on the results of the meeting which will be held in two weeks.
