Mrs. Jones: jonessr@psarrows.com

Mrs. Shockey: shockeym@psarrows.com

Mrs. Wolff: wolffm@psarrows.com

- ❖ Espark and RAZ Kids are optional online resources. Students typically spend 15-20 minutes a day at school on Espark and typically 15-25 minutes one or two days each week on RAZ Kids. We strongly encourage your child to continue to use these resources weekly during this time of remote learning. Teachers will be assigning different skills/questions for your child to do each week. When they log in, have them go to the green assignment button, once they have finished the assignments for the week they can continue with the Reading and Math quest. RAZ kids is a great resource for on level reading materials and gives the students a fun way to practice their reading. If you need your child's login information please email your child's teacher at the email address above.

ELA Activity Checklist

This checklist is for the month of May . Please choose 8 activities to do during that time. You can repeat activities for practice and/or do more than one activity a day but not required. Once you have completed an activity, have your child color in the box. Some activities require you to use the attached worksheets or the flashcard (we sent them home in April).

We want this to be fun for the kiddos! We appreciate everything you are doing! Let your teacher know if you have any questions. Thank you and stay safe!

ELA Activity Checklist
