Random Acts of

Kindness:

February 17 was Random Acts of Kindness Day. Kindness can have a ripple effect. One small act of kindness can lead to more and more acts of kindness. Pretty soon your one act of kindness can impact the world. If we are focusing on being kind, we don't have a chance to be intentionally mean. Kindness prevents bullying and all sorts of negative behaviors. We are going to make the next few weeks Random Acts of Kindness Weeks. We are asking the students to think of a small act of kindness that they would like to do for someone here at school. I would also like to challenge families to conduct Random Acts of Kindness for others. Please encourage your student to share with Mrs. Davidson what you are doing at home.
